The annual Prize Patrol was on the road the first two weeks of May, handing out "big checks" to Center teachers receiving Foundation grant awards for the 2017-18 school year. Over 50 grants were awarded for a total of \$56,650 to teachers in all of Center's

elementary, middle school and high school buildings.

A wide variety of programs were funded including robotics teams, literacy, field trips, Youth In Government, Project Based Learning and Early Childhood Education.

We are very proud of our teachers for their creativity and appreciate the support from our community that allows the grant program to continue.
